Boom Truck Turntable (Slew) Bearing Reman Program

Manitowoc Crane Care EnCORE is offering special discount pricing on several popular Boom Truck slew bearings. Now is the time to plan for future overhauls. Think about the considerable savings that can be made by using EnCORE reman bearings, especially when you can purchase them at discounted Sale Prices!

- **Sale runs for 90 days only** – August 1 through November 1, 2010.
- Reman inventory is sure to go quickly, so don't miss out on the below savings.
- Order now! Contact your dealer right away for all the details.

Features:

- Reman bearings available in stock now!
- Low-cost, high quality option to used or salvaged
- Provides a factory approved alternative to local unapproved repair shops or will-fitters!
- Full one year warranty – same as new!
- Simple administration – no complicated forms!
- Don't take chances – this is an **OEM approved** reman program!

Benefits:

- Added Value! Substantial savings over purchasing new.
- Maximum Quality! Reman bearings are fully tested and inspected (NDT and dye penetrate) to assure they meet original Manitowoc Engineering specifications.
- Keeps the crane GENUINE by using factory approved reman procedures and parts.
- Protects Resale Value by keeping the crane 'original'.
- Keeps downtime to a minimum.

Protect your investment; contact your nearest Manitowoc Crane Care Boom Truck Dealer for all the details on this exciting new program!
