Grease Gun Spray System for Hyd. Booms

This convenient lubricating system consists of a specially designed grease gun, 400ml (14oz) LS2 grease cartridge, and 25 meters (82 feet) of air hose. This special grease gun vaporizes boom grease, using compressed air. Simply attach to your crane or service truck tire inflation system.

- ➡ Quickly grease any telescopic crane boom!
- ➡ Prolong boom wear pad life!
- ➡ Quickly reduce outrigger noise or vibration!
- ➡ Fast and lightweight - easy to operate!
- ➡ Efficient application without waste!
- ➡ No mess to clean up – environmentally friendly!
- ➡ Compact and easy to store!
- ➡ A must for any maintenance program!!
