

Manitowoc is proud to be a NJPA contracted vendor!

A contract awarded for the Government; by the Government

The National Joint Powers Alliance (NJPA) serves as a municipal contracting agency that combines several individual requests into one purchasing alliance. This allows the NJPA to obtain contract-volume pricing from its nationally acclaimed suppliers (such as Maniowoc), which creates greater purchasing opportunities for its members — including government organizations like yours.

Being an NJPA contracted vendor is a privilege Maniowoc takes seriously. Like NJPA, we're dedicated to providing members with the best products and services available, at the best price possible. That's why we encourage you to become an NJPA member — so you can take advantage of the many benefits NJPA has to offer:

- NJPA has already competitively bid on your behalf, saving you time and money
- NJPA delivers the highest quality products and equipment
- NJPA gives you leverage in national volume pricing

Working with NJPA is easy!

1. Become a NJPA member, FREE, at www.njpacoop.org
2. Contact a Maniowoc Dealer via www.manitowoc.com/cranesdealer
3. Use contract #060311-GUS on your order

NJPA and Manitowoc make purchasing a crane fast, easy and budget-friendly.

Manitowoc offers a full range of cranes, including:

Rough-terrain cranes

30 USt – 150 USt
